FOUR WAYS TO DEVELOP

Choose the pathway that matches your professional purpose.

Begin with a focused need, build a connected management foundation, extend your enterprise perspective or prepare for advanced applied inquiry. Each pathway is designed around professional life and practical responsibility.

01 · FOCUSED DEPTH

Specialist Diplomas

Planned clusters of related courses in finance, leadership and strategy for professionals seeking coherent depth in a defined practice domain.

02 · FOUNDATION

Advanced Management Practice

Five sequential management courses that connect people, strategy, finance, operations and decision-making.

03 · ENTERPRISE VIEW

MBA in Management Practice

Twelve sequential courses across three stages, extending the AMP foundation into advanced and integrated management capability.

04 · APPLIED INQUIRY

Doctor of Professional Studies

A proposed professional doctorate for experienced practitioners ready to turn a consequential challenge into an original contribution.

Learning grounded in professional life.

Study online and progress independently. Begin with the pathway that fits your present purpose, then carry completed learning forward where the approved programme architecture permits.

What you develop

A practical foundation across people, customers, financial information, operating performance and structured decision-making.

How you study

Progress independently online, one course at a time, without scheduled classes, campus attendance or compulsory group work.

Where it leads

The AMP is complete in its own right and also forms the common first stage of the MMI MBA in Management Practice.

Your Name, MMI-AMP

Successful graduates earn the Advanced Management Practitioner designation after completing the five courses and foundation ethics requirement.

MBA IN MANAGEMENT PRACTICE

Connect the enterprise. Lead with purpose.

Build a practical understanding of management from its foundations through to strategic governance. Connect rigorous thinking with the decisions, responsibilities and organisational challenges that shape professional life.

| A wider perspective. A stronger contribution.

Three connected stages

Five AMP courses establish the foundation; seven advanced courses extend capability and integrate management practice.

Flexible progression

Study independently, complete courses in sequence and pay for each course individually as you progress.

Professional direction

The MBA is the principal programme pathway towards Chartered Professional Manager. Designation requirements remain separate.

Advanced knowledge for responsible managerial judgement

Bring strategy, leadership, finance, transformation, stakeholders, culture, advisory practice and governance into one enterprise perspective.

DOCTOR OF PROFESSIONAL STUDIES

Turn advanced practice into an original professional contribution.

A proposed doctoral pathway for accomplished professionals who want to investigate a consequential practice challenge, generate applied knowledge and strengthen their contribution at the highest level.

Rigorous inquiry connected to professional responsibility.

One professional-learning ecosystem

DEPTH · BREADTH · INTEGRATION · CONTRIBUTION

Programme availability, approved course combinations, admission routes, fees and award requirements are governed by the current published programme information. Professional designations are separate and require their own eligibility, ethics, evidence and review processes.

PROFESSIONAL LEARNING THAT GROWS WITH YOUR PURPOSE

Begin with the question your practice asks of you.

Build focused depth, a connected management foundation, an enterprise perspective or an original contribution to professional knowledge.

Choose the programme that meets you where you are. Progress at a pace that respects professional life. Carry stronger judgement into the responsibilities that come next.
